## **LitSoft Inc joins Everybody Wins! DC as a Power Lunch Partner**

WASHINGTON, DC (Nov. 21, 2007) -- Everybody Wins! DC (EW!DC) is proud to announce that the innovative technology company LitSoft has enrolled as a Power Lunch Partner as part of the new recruitment initiative to engage companies, non-profits, and federal agencies to become involved as Reading Mentors for underserved children in the Washington Metropolitan Area through the Power Lunch Program.

According to Program Director Lucinda Mulzac "LitSoft is certainly a welcome addition to the Everybody Wins! DC family of Power Lunch Partners. Litsoft's participation provides a two-fold benefit that will help us achieve our goal of serving additional students this year and is a huge step in the direction of attracting new cutting edge technology companies."

Although the company is a start-up, LitSoft has taken a very progressive approach to community service and committing scarce resources to Everybody Wins! DC is an example of this. According to LitSoft Founder and CEO, Steve Jreige, "Some things are simply more important than money. By encouraging kids to read through hands-on interaction and mentorship, we make our community a better place to live and do business. We will never lose sight of this, and we will continue to make community service an integral part of our mission." Adam Toelkes, LitSoft's Director of Sales and Marketing, added, "Our philosophy on community service is not to stroke a check with as many zeros as possible, but rather to roll up our sleeves and participate in hands-on, grassroots programs. In that regard, the work that Everybody Wins! DC is doing was a great fit for LitSoft. We look forward to a long and mutually rewarding relationship with [them]."

LitSoft began operations in 2006 to address the dynamic and rapidly growing needs of the eDiscovery market. LitSoft provides a complete array of eDiscovery and litigation support services that effectively reduce the risk and cost of eDiscovery by managing it as a formalized business process for law firms and corporate legal departments. LitSoft offers an unmatched combination of functional and technical expertise that enables the company to deliver unique, cost effective, and customized solutions for its clients with an unrelenting commitment to quality and service.

Through its programs EW!DC reaches more than 3,000 underserved students each year in 32 Title I public elementary schools throughout the Washington Metropolitan Area.

EW!DC will spotlight new Power Lunch Partners on our website throughout the year so supporters are encouraged to visit the site on a weekly basis. Companies interested in getting involved as a Power Lunch Partner should visit [www.everybodywinsdc.org](http://www.everybodywinsdc.org) or contact Program Director, Lucinda Mulzac, at 202.347.9467 ext 12.
